FOR IMMEDIATE RELEASE

NAVITAS LEASE CORP. ANNOUNCES CORPORATE NAME CHANGE

Ponte Vedra, FL—July, 13, 2016 —Navitas Credit Corp., a national commercial finance company is pleased to announce that the company has officially changed its name to **Navitas Credit Corp.** from Navitas Lease Corp. as of June 15, 2016. Navitas, which was recently recognized by Inc. Magazine as one of the fastest growing privately help companies in the nation, has experienced a significant transformation over the last several years from purely an equipment leasing company to offering a range of business lending solutions including equipment and working capital loans. The new name more accurately reflects the product and service offerings of the company.

To support the name change, Navitas has launched a new corporate website. The newly deployed site (www.navitascredit.com) consolidates all of the Navitas brand lines into a single online destination. The enhanced site and unified branding will assist the company to better communicate and deliver its growing product and servicing offerings.

Gary Shivers, Navitas' CEO, says "The recent name change of the organization is a direct reflection of the extent to which Navitas has evolved over the last several years. Our expansion into new markets has significantly improved the value proposition of the company. Our previous brand and name was no longer an accurate reflection of what Navitas is currently capable of delivering to our customers."

Over the next year the company plans to deploy dedicated sites utilizing the new name and brand to support its various business lines. Sites are planned for the healthcare, dealer originations, manufacturer, third party originators, and small business lending divisions.

About Navitas Credit Corp.

Navitas, recently recognized as one of the fastest growing private companies in the country by Inc. Magazine, offers a full complement of business lending and support services, is headquartered in Ponte Vedra, Florida, with sales and service offices located nationwide.
