Power Tee Set to Continue Explosive Growth

After a hugely successful campaign on the Golf Channel, Power Tee installed more than 200 machines around the USA growing its footprint by more than 50% in just 4 months. This represents a 200% growth in the business. In the wake of this launch we are proud to announce a funding partnership with Navitas Credit Corp.

Martin Wyeth, CEO of Power Tee said, “We met with Dean Stolberg, Senior Vice President National Accounts, earlier this year and we are really excited to be working with Dean and his team at Navitas. This agreement allows for unhindered growth into clubs and ranges around the USA meaning golfers can enjoy improved grass and all of the benefits of Power Tee for just \$1 per bucket at driving ranges or \$1 per week at their golf club, with no capital outlay by the range or golf club. Combined with flexible term lengths and seasonal payment plans we can now cater to any business that wants to offer its members and patrons a first class practice experience.”

Purchase options are also available on request.

About Power Tee

Power Tee® is an internationally patented automatic teeing system that makes practicing golf more efficient, effective and fun. Created by Martin Wyeth and endorsed by Jim Furyk and Mitchell Spearman, the system operates in 18 countries and can be found at many of the world's most prestigious golf clubs such as St. Andrews, the Belfry, Dromoland Castle and Le Golf National - hosts of the 2018 Ryder Cup. Power Tee® tees up more than six million balls a day and assists golfers of all ages and skill levels in improving their swing through repetition and rhythm in a consistent setting.

About Navitas Credit Corp.

Navitas, headquartered in Ponte Vedra, Florida provides equipment financing solutions to small and medium sized businesses directly and through developing referral programs with equipment vendors, lease and loan brokers, and strategic alliances.
